MRS. ERASTUS REDMAN BUNKER
(Harriet May Wentworth)
A Great-granddaughter of Moses Wentworth,Jr.

This genealogy is dedicated to my mother-in-law, Mrs. Erastus Redman Bunker (nee Harriet May Wentworth), a great-granddaughter of Moses Wentworth, Jr.,and a life-long resident of Franklin ,Maine. Mrs. Bunker affectionately known as Hattie to her many friends, is noted for her devotion to her community,her church, and her family. Her exemplary character and spirit have been an inspiration to many--especially to me-- who takes great pleasure in dedicating this work to her.

## Preface

This genealogy is limited in that it covers only the 253 descendants of Moses Junior, one of twelve children of Moses Senior, The first settler of Orrington, Maine." It is hoped that some Wentworth descendant may become inspired to do a complete genealogy of the Wentworths of Maine from I880 to the Present.

The Wentworth descendants are most fortunate in that between the period of I850 to I880, John Wentworth, The first Mayor of Chicago, Illinois, compiled three volumes covering all the Wentworths in America who were descended from "William the Immigrant"of Dover, New Hampshire (I639) This John Wentworth, as well as many other distinguished descendants of William, enjoyed great financial success and success in the political field as well. John became a wealthy newspaper publisher,served in Congresss under Abraham Lincoln, and was the first Mayor of Chicago.With only a pack on his back,John arrived in Chicago around I840, after two years of working his way west from his native home in New Hampshire. On the site of old Fort Dearborn in Chicago,there is erected a monument to the founders of the city;on this monument the name of John Wentworth is enshrined.

I wish to thank everyone who assisted me in the preparation of this book,especially Mrs. E. R. Bunker, Mrs. Bernard Seamans,Mrs. Helen L. Richardson,Everard and Lucy Wentworth,and my ever-patient wife,Emilie,for giving me so very much of their time.

## FIRST GENERATION

### WILLIAM (I)

Born in England around I600, William is thought to have come to Massachusetts around I637.No record exists of his arrival there,but there is a record of his being in New Hampshire with his friend the Reverend Wheelwright in I639. Since the Reverend Wheelwright was banished from Massachusetts in I637,it is thought that William was in Boston at that time and left the town when his bosom friend was banished. They had been great friends in England prior to their emigrating to the Massachusetts Bay Colony.

When Exeter became part of Massachusetts, it was necessary for the Reverend Wheelwright to move to Maine; again William joined him in exile, this time in Wells, Maine. The town records of Wells show that William was the Town Constable and active in Civic affairs from I642 to I649. In I649 he moved to Dover,New Hampshire,where he lived out his life as a farmer and lumberman. He was one of the first settlers of Dover:New Hampshire's historical records show William to have been a very brave man with many skirmishes with the Indians to his credit.

William married an Elizabeth: her last name is lost to posterity. We are sure that this was a happy marriage, for the union produced eleven children. It is thought by some researchers that in the sunset of his life,William was married a second time;no confirmation exists,however. William died at Dover, New Hampshire,on March I6,I697..

He served in the New Hampshire legislature in I7II. He was married to an Elizabeth whose last name also is lost to posterity.

## FIFTH GENERATION

MOSES (5),THOMAS (4),JOHN (3),EZEKIEL (2),WILLIAM (I)

Born November 8,I740,at Sommersworth New Hampshire. Moses was married first to Judith Grant,who died in I782, and then to Elizabeth Swett,daughter of Captain Swett of Wellfleet,Massachusetts.Elizabeth died on November 27, I823.Moses died at Orrington,Maine. on March 27, I8I2;he is buried in the Old Settlers Cemetery at South Orrington Maine.(see picture of his grave on frontspiece)

Moses moved first to Castine;the date of his moving from Berwick to Castine is not known.It is entirely possible that he is the Mr. Wentworth spoken of in old records as accompanying Moses Butler when the latter settled in I764 at Franklin on Taunton Bay.They were first cousins. The Bangor Historical Society Publication says that Moses Wentworth inI770,moved his family up the Penobscot River from Castine to a new home at what is now known as Orrington,Maine.His first act there was to stake out 450 acres for which he later received a deed.

Moses built the first grist mill on Mill Creeek at South Orrington,Maine.He was a soldier with his father at the siege of Louisburg;he also fought in the battle of Fort Ticonderoga and served in the Revolution. Moses spoke of seeing President George Washington when Washington was a colonel in the French and Indian Wars. The descendants of Moses numbered 306 as of April I852.

Sarah was born on May I3,I778,at Franklin and died there on May 3,I866.Moses came to Franklin in I786 at the age of ten;we are certain that he came to live with his cousins the Butlers,who were the first permanent settlers (I764).

In those days Franklin was made up of Plantations eight and nine.Franklin was incorporated as a town in I825.

In I823 Moses Wentworth signed the charter of the Franklin Baptist Church.We do not have the knowledge of his life that we would desire.It is true that at one time his land holdings were extensive and Wentworth Point was named for him.His last home is still standing across from Overlocks garage;and it was there he died while living with his son Ephraim.No grave has been found for Moses; it is quite certain that he was buried in his field as was often the custom in those days.Moses is the man of the hour in this genealogy,having 252 descendants as of May,I966.
